HIGHWAY ROBBERY

GEORGE KEMP AND JACK EVANS ARE THE VICTIMS.

HELD UP NEAR BOVARDS

While On Their Walking Trip En Route to Frisco—Turned Out to Be Their Friends.

The good people of Maryville who slumbered peacefully in their comfortable cots Thursday night neither dreamed nor knew that a blood curdling tragedy was being enacted near the city's limits.

When Jack Evans and George Kemp stood in the Fern theater and told of their heroic plans to walk across the continent and bring back a chip off the sun when it sets in the golden west, they neither knew nor suspected that they were then in the shadow of danger and perhaps disaster to their hopes.

They had read many stories of frontier life in the wild and woolly west, but nothing even in the lives of Deadwood Dick, Alkali Ike or Rattlesnake Pete had prepared them for a fate stranger and sterner than fiction. It was half-past ten when they finished their recital, and amid the well wishes and hurrahs of their friends set out with light hearts and buoyant hopes on their long journey across the plains. They were accompanied by Curtis Lyle and George Tate, who were to go with them to Wilcox and help to entice them with good cheer. Thoughts of the dear old home were still before them as they trudged along the dusty road in the stillness of the night. While there was no man or beast of which they were afraid, yet it seemed good to have their companions along, and they only wished the parting time might be delayed, and so it was.

They had gone along very pleasantly until they reached the Bovard corner, about two miles northwest of Maryville, when suddenly the echoes of mirth died upon their lips and their blood ran cold. The terrors of the west had come all too soon. Four big rough looking tramps suddenly arose before them as they rounded the corner and demanded "hands up." Jack Evans found himself looking down, as he first thought, the barrel of a Colt's 44, but as he continued to face it through the uncouth demands of the holder it continued to grow until he observed that it was a cannon of the largest type. George Kemp felt that he could swallow it until one of the enemy suddenly hit Curtis Lyle across the temple with a paper-stuffed sock and he fell prostrate in the dust. Then George thought of home and mother.

George Tate forgot the seriousness of the situation and fell in an effort to choke his laughter. Jack and George, it is said, paled and trembled, but Jack couldn't get his hands up because his strength had left him. He made an honest effort, though, and the leader of the "gang" overlooked his delinquency. After they were relieved of their valuables and the hold-up men decided the joke had gone far enough, the boys were assured that all were their friends and no harm would come to them.

Then it was disclosed that a diabolical joke had been played on the unsuspecting pedestrians and that the two who had gone with them were along to "stall" for the other four who were laying in wait. The tramps were found to be A. J. Lappold, James Felix, Dr. Cline and Magnus Tate. All of the boys then went with Evans and Kemp to Wilcox and bade them God-speed on their journey.

Those who returned say there might be worse things in store for the boys, but they are firmly convinced that they will never be worse frightened.

ened, come what may. The joke will serve to put them on their guard, and may serve some good purpose, but it was a strenuous beginning for a pleasure trip.

By the way, after Jack and George had found they were in the hands of friends and were talking over the affair, Jack said very earnestly: "Really, boys, it's a wonder I didn't hit you."

Jack Evans and George Kemp arrived in Burlington Junction Friday morning at Andrews & Flowers' restaurant, where they are sleeping today, and will start on their tramp again Friday night. It was 7:30 o'clock when they got into town, and they said they had been compelled to stop in a corner on the way to get out of the rain.

The boys on their walking trip are to advertise the Lord Lobster cigars manufactured by the Hutton Cigar company. The trail to San Francisco from Maryville is to be known as the Lord Lobster Trail, and at each town label, and other advertising matter will be left, telling of the cigars made in Maryville. Picture show exhibitions are to be given at some of the towns.

DIED VERY SUDDENLY

JOHN MILLER DROPPED DEAD AT J. R. EVANS' HOME.

WAS FROM BOOTH, TEXAS

Was a Son-in-Law of Mrs. Joseph Linneman of This City—Cause Probably Heart Trouble.

John Miller of Booth, Texas, a son-in-law of Mrs. Joseph Linneman of South Buchanan street, dropped dead at the home of John R. Evans, seven miles southwest of Maryville, Friday morning about 11 o'clock.

Miller was operating a gasoline engine while the work of filling Mr. Evans' silo was being done. A few minutes before his death he was scuffling in a friendly way with those who were working with him, when he fell over to the ground. He made no effort to get up again, and on going to him his companions found that he was dead.

Coroner J. H. Todd was notified and arrived at the Evans home about 1 o'clock to hold the inquest. The jury was hearing the testimony of the witnesses, some fifteen in number, as The Democrat-Forum went to press at 3 o'clock.

Mr. Miller came from Texas about six weeks ago and has been operating engines in silo and threshing machine work. Before moving his family to Texas a few months ago he kept his mother's farm, near Wilcox. His mother is at present on a visit to another son in Chicago.

Mr. Miller was about 40 years old. He is survived by his wife and four children, who are at Booth, Texas. He married Miss Anna Linneman about twelve years ago. She has a brother, Will Linneman of this city, and her mother, Mrs. Joseph Linneman, lives at 312 South Buchanan street.

FAIR OCT. 9 TO 14

THESE DATES SELECTED BY THE STREET FAIR COMMITTEE.

\$1600 HAS BEEN RAISED

A Street Fair Like the Old Time Ones is to Be Given—Several Special Features.

The old time street fair is to be held in Maryville in the second week in October, or from October 9 to 14, so it was decided at the meeting of the street fair committee held in the office of Ellis G. Cook Thursday night.

Plans for the fair were talked over and beside a number of features several special features are to be given. On one day a horse and mule show is to be given. Then an automobile flower parade, old settlers' day, children's day, and, if possible, a public wedding like those held at former fairs, will take place. There are many other entertainments that the committee is working on, but as yet it is not ready for publication.

Instead of having a carnival company come to Maryville for that week, it was decided that the committee hire independent attractions as at the former fairs. Most of the carnival show companies will close before October 1, and many good attractions can be had.

Some \$1,600 has been raised by the soliciting committee for the fair. It is thought that probably \$500 more can be raised, and with this amount a fair that is a credit to Maryville can be put on.

News of Society and Womens' Clubs

Farewell Party for Nephew.

Mrs. F. P. Robinson entertained Thursday morning from 10 to 12 o'clock in honor of her 4-year-old nephew, John R. Miller, Jr., of Grove, Okla., who has been visiting in the city the past three months with his grandmother, Mrs. Catharine Miller, and other relatives. The guests included only those who had become the chums and playmates of the guest of honor during his stay. If all his friends had been invited it would have made a large company, for he is a fine little fellow, hail and well-met. The hostess was assisted by her daughter, Little Miss Virginia Robinson and Misses Marjory and Geneva Wilfley, Miss Blanche Shipps and Miss Emma Kildow. The children spent the morning in playing various games and at the fish pond, from which each one secured a remembrance from John, Jr. Each guest had a ride on the pony and a group picture was taken before the party broke up. Ice cream, cake and lemonade were the refreshments served. Those present were John Miller, Jr., of Grove, Okla.; James and Chilton Robinson, Forrest and Will Hutchison, Norton Harrel, Edward Fritz, Winona, Victor, Vernon and Gilbert Greenleaf, and the cousins of the honor guests, John Walton Munn and Reed and Anna May Holt. During the afternoon, which was very pleasant and enjoyable, a reading on the consolidation of the rural schools was given by Mrs. Claude Moore, followed by a discussion of the subject by all present. After the business meeting a luncheon was served by the hostess, assisted by her mother, Mrs. Ben Yeager. The next meeting of the club will be in two weeks at the home of Mrs. Oliver Jones, the subject for reading and discussion to be "Education." was "Co-Operation of Patrons and Teachers." It was the general opinion of all that parents should visit the schools and become acquainted with the teachers and invite the teachers to their homes so that they may become acquainted with the home life of each pupil. It was suggested that the parents visit the schools on special days that are observed by the schools. A delightful menu was served by the hostesses. The members present were Mrs. M. A. Nicholas, Mrs. J. C. Farrar and daughter, Eva; Mrs. George Stafford, Mrs. L. H. Frazee, Mrs. J. P. Frazee, Mrs. Ed Egley, Mrs. W. T. Ramsey, Mrs. H. W. Hull and Mrs. M. D. Kemp. The visitors were Miss Myra Hull and Miss Stella Payne. Miss Payne is the teacher of the Elm Grove school in that neighborhood and joined the company at the Garrett home after school. The next meeting of the club will be with Mrs. George Stafford, southwest of Maryville, in two weeks.

Had a Good Time at Picnic.

The picnic at Normal park by the Bible school of the First Christian church Thursday afternoon and evening, was largely attended and was one of the most enjoyable affairs this church has enjoyed for some time. After the company had assembled an address was given by the pastor, Rev. Claude Miller, who admonished all to have as good time as they could in their own way. All of the men and boys present engaged in base ball, Rev. Miller acting as umpire. All of the girls and women played drop the handkerchief, black man, ring around the rosy and town ball. At 6 o'clock probably the finest picnic dinner that has been spread in Normal park was served.

THE FOUR MEMBERS

OF WATER BOARD TO BE APPOINTED SOON AT MEETING.

HAVE BEEN SELECTED

By Mayor Robey and Will Have to Be Confirmed by the Council—Will Meet Friday Evening.

The four members of the public works board that will have charge of the water situation in Maryville, have been selected by Mayor Robey and will be appointed by him at a meeting of the city council to be held next Friday evening. The appointments will have to be confirmed by the board of aldermen.

Mayor Robey has selected S. G. Gilliam and M. E. Ford as the Democratic members of the board, and Edward L. Townsend and R. L. McDougal as the Republican members of the board. Each ward in the city is represented on the board. Gus Romas, who was slated for one of the places, declined, as he expects to spend the winter in California.

Some action is to be taken at once by the council in regard to doing something toward the water question. The engineering firm, which has been tentatively hired, sent up their contract from Kansas City this week, but it has not been approved by the city. As soon as an engineer and the water board is appointed then the real work on Maryville's municipal water plant will be commenced.

The fine condition of Maryville banks shows that panics and hard times do not exist in Nodaway county.

Suicides are usually the result of a deranged brain, but the man who had to either wash the dishes for his wife or seek refuge in the hereafter had need for great wisdom.

One of the good results of the campaign for safe and sane Fourth of July celebrations is seen in the fact that eight years ago there were 466 deaths and 4,499 accidents from celebrations of the Fourth, while in the present year the number was reduced to 57 deaths and 1,603 accidents.

One of the chief arguments, says the Chicago Journal, in this country against reciprocity was the allegation that our farm markets would be overstocked and our farmers ruined by cheap importations from Canada. Now, Canadian opponents of reciprocity assert that their farm markets will be overstocked and their farmers ruined by cheap importations from the states. Such argument is just as silly—and is likely to be just as unavailing—north of the border as it was on this side of the line.

Judge Joshua Alexander of Gallatin is being very favorably mentioned for the Democratic nomination for governor of Missouri. There is no better man in Missouri for governor. Judge Alexander is a type of man that furnishes good material for any place of public trust. He is able, honest, conscientious and cautious in his public service, but there is little likelihood of his entering the race for governor. He is just getting started on a brilliant career in Congress. He ranks high among the newer members, has a bright future ahead, has much to work for and is well satisfied with his present place. He will not want to change so long as his people have the good judgment to keep him where he is.

J. P. Montgomery and Will Montgomery returned from a several days' visit in Platte county Thursday evening in the Montgomery automobile. Mrs. Montgomery and daughter, Miss Ruth Montgomery, and Mr. Montgomery's sister, Mrs. J. B. Thomas of LaHarpe, Kan., were in the party, but Mrs. Montgomery and her daughter remained in St. Joseph for a day's visit and Mrs. Thomas in Platte for a longer visit. In Platte county they were guests of Mr. Montgomery's brother and sister, John A. Montgomery and Mrs. Merritt Wilson, at Camden Point.

CRANE'S

CROWDS GREET PRESIDENT TAFT

Visits Connecticut Fair and is Received by 50,000 Citizens.

ARBITRATION THEME OF TALK.

Sees Hope for the Establishment of an Arbitration Court to Which All International Controversies Shall Be Submitted.

Hartford, Conn., Sept. 8.—Gray skies but an enthusiastic crowd greeted President Taft on his arrival in the Connecticut capital in fulfilling a long promised engagement to Senator George P. McLean.

Memorial hall, in the new state library, was turned into a temporary lunch room for the visitors and the president, who was accompanied by Attorney General Wickersham. Here the president made a brief reply to the welcome by state and city.

Nearly 50,000 people gathered at the state fair grounds to hear the president's views on arbitration. He dealt almost exclusively with the legal technicalities of the arbitration treaties with England and France which now await the approval of the American senate.

Position of the Committee.

Perhaps the most significant part of his address was as follows: "The majority of the senate committee on foreign relations say they cannot consent that anybody else shall decide for them where a question arising in the future is within the provision of the first article of this treaty; that for them to do so is to delegate their power to another tribunal and is to bind themselves by an obligation which they have no power to assume."

"It is the view of the minority, however, and with that view I am earnestly in accord, that the issue where a future difference shall be within the terms of the description of article one of the treaty is an international question arising out of a construction of the treaty under a claim of right by one of the parties to an arbitration and is a question therefore that the president and senate, acting as a treaty-making power, has the right to agree by treaty to submit to a tribunal for final judgment."

"In what different way is the treaty making power invoked when we ask the senate to concur in a treaty which agrees to submit all justifiable differences to arbitration and when it is asked to agree to submit to arbitration the question whether a difference arising is justifiable or not under the treaty? I confess that I cannot see the distinction."

"It is a well known fact that Norway and Sweden have made an agreement to settle all differences except those of vital interest and national honor by submission to The Hague tribunal and they have further agreed that when they differ as to whether the controversy arising is arbitrable under the treaty or is within the exception, to submit the question to the board of arbitration for its final decision."

Committee Without Power.

"If I understand the attitude of the majority of the senate committee, it is that they have no power and therefore the government has no power to enter into a treaty by which we shall agree to submit to a third person, constituting an independent tribunal, the question where we are bound under a treaty to hide the judgment of the tribunal as to a particular issue."

"The treaty-making power under the constitution, it has been decided by the supreme court, hardly knows definition or law. It is one of the broadest powers conferred by the constitution and it is conferred on the executive and the senate. Certainly it is not in the interest of the cause of peace that that power should be limited in such a way that other governments may make treaties of this kind and we may not."

"The ideal toward which we are all working with these treaties is the ultimate establishment of an arbitral court to which we shall submit our intentional controversies with the same freedom and the same dependence on the judgment as in case of domestic courts. If the senate cannot bind itself to submit question of jurisdiction arising under the treaty as Norway and Sweden have done, for instance, then the prospect of real and substantial progress is most discouraging."

TWO MORE BIRDMEN KILLED

In Germany Machine Drops to Earth, Crushing the Skulls of Occupants. Mulhausen, Germany, Sept. 8.—Two more names were added to the long roll of persons killed this year in aeroplane accidents.

Lieutenant Newmann, a German military aviator, started from this city in the direction of Strassburg, carrying as a passenger M. Leconte, a French aeronaut, who was an instructor at the aviation school at Mulhausen. The aeroplane had hardly gone fifteen miles when the gasoline tank exploded. The report of the explosion was audible for a distance of several miles.

The machine dropped at Bilsheim from an altitude of sixty feet and both aviators were instantly killed. Their skulls were broken and they were frightfully injured about the body.

NEW ROUTE FROM CANADA TO GULF

Erb and Hawley to Rearrange Rail Map of West.

New York, Sept. 8.—A new through route from Canada to the Gulf of Mexico, which is expected to rearrange the railroad map of the west in important particulars, is provided for in plans made known by Newton Erb, who, with Edwin Hawley, is actively engaged in the undertaking. The first step in the project is to be the leasing of the Iowa Central railroad to the Minneapolis and St. Louis. The directors of the Iowa Central authorized the president of the road to appoint a committee to confer with a similar committee representing the Minneapolis and St. Louis and arrange the terms of the lease.

Arrangements also have been made to extend the Iowa Central to St. Louis and the Minneapolis and St. Louis to the Canadian border, thus giving the Hawley-Erb group of railroads the through route from the wheat fields of northwestern Canada to Galveston. It is expected that both the Canadian Northern and the Grand Trunk will connect with the new extension of the Minneapolis and St. Louis.

GOV. HADLEY GOES EAST

Missouri Executive Will Attack Railroad Doctrine of Judge Sanborn.

Jefferson City, Mo., Sept. 8.—Governor Hadley and Mrs. Hadley will depart Sunday to be guests of Colonel Theodore Roosevelt at Oyster Bay. While in the east the governor will attend the conference of governors at Spring Lake, N. J.

Governor Hadley's speech at the conference will be an attack on the doctrine laid down by Federal Judge Sanborn in the Minnesota rate case, which is to the effect that states have no power to regulate railroad rates. This decision, he says, if upheld, would make the states mere dependents of the federal government and largely strip them of the rights and powers assured them by the constitution of the United States.

SUGAR PRICES GO UP

Advance Said to Be Due to Big Shortage in Crop Coming On.

New York, Sept. 8.—The price of sugar continues to advance, owing to the reports of a serious shortage in the new crop, and the market has now reached the highest level since July, 1899.

Sales of raw sugar were made here, establishing a price of 5 1/2 cents a pound for the grade known as Cuban centrifugal and the advance was accompanied by an announcement of an other 10-point rise in the price of refined sugar, with standard granulated quoted at 6 1/2 cents, while people in the raw sugar trade reported a very strong market, with little or nothing offering even at the new high prices.

THE DOCTOR'S QUESTION.

Much Sickness Due to Bowel Disorders.

A doctor's first question when consulted by a patient is, "Are your bowels regular?" He knows that 98 per cent of illness is attended with inactive bowels and torpid liver, and that this condition must be removed gently and thoroughly before health can be restored.

Reckall Orderlies are a positive, pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of their great curative value that we promise to return the purchaser's money in every case when they fail to produce entire satisfaction.

Reckall Orderlies are eaten like candy, they act quietly, and have a soothing, strengthening, healing influence on the entire intestinal tract. They do not purge, gripe, cause nausea, flatulence, excessive looseness, diarrhoea or other annoying effects. They are especially good for children, weak persons or old folks. Three sizes, 50c, 25c, 10c. Sold only at our store—The Reckall Store. The Orear Drug Co., 113 North Main street.

GRAY HAIR MAKES YOU LOOK OLD

A Simple Remedy Brings Back the Natural Color—Dandruff Quickly Removed.

How often one hears the expression, "She is gray and beginning to look old." It is true that gray hair usually denotes age and is always associated with age. You never hear one referred to as having gray hair and looking young.

The hair is generally the index of age. If your hair is gray, you can't blame your friends for referring to you as looking old. You can't retain a youthful appearance if you allow your hair to grow gray. Many persons of middle age jeopardize their future simply by allowing the gray hair to become manifest. If your hair has become faded or gray, try Wyeth's Sage and Sulphur Hair Remedy, a preparation which a chemist by the name of Wyeth devised a few years ago. It is simple, inexpensive and practical, and will banish the gray hairs in a few days. It is also guaranteed to remove dandruff and promote the growth of the hair.

It is a pleasant dressing for the hair, and after using it a few days itching and dryness of the scalp entirely disappear.

Don't neglect your hair. Start using Wyeth's Sage and Sulphur today, and you will be surprised at the quick results.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agents, Koch Pharmacy.

"I am on my second box of Mi-o-na. I received relief after taking two doses. I feel like a different man. I am 64 years old and Mi-o-na is the best thing I ever used for stomach trouble."—J. M. NEWS OF HOPKINS AND COMMUNITY

Harry McIntyre left Thursday morning for Chillicothe, Mo., where he has a position as principal in the schools.

Miss Beulah Mauer of Kansas City is the guest of Miss Ethel Ulmer for the week. Miss Beulah is returning to her home, after an extended visit with her grandparents at Perry, Ia.

Mr. and Mrs. Ben Cooper, from east of town, were shopping in Hopkins and Bedford Tuesday.

Mr. and Mrs. Hugh Dodd arrived from Los Angeles last Saturday and will make their usual summer visit here.

Mrs. John Morehouse accompanied her little nephew, Lloyd Huffstetter, to Maryville Tuesday evening, where she placed him on the Wabash train for his home in Omaha. The young man has been spending the summer with his aunt on the farm and returns home at this time to enter school.

Glenn Chaney of St. Joseph spent a few days this week with his parents, Mr. and Mrs. Frank Chaney.

Mrs. Reed and her sister, Miss Mary Simmons are visiting their niece, Mrs. Bert Collins, in St. Joseph this week.

A Tom Thumb wedding is scheduled to take place at the Christian church next Tuesday night. This entertainment has been given a number of times in Hopkins, but it never fails

to attract a crowd, and is always highly amusing.

Miss Dora McMaster returned this week from an extended visit with her relatives at Twin Falls, Idaho.

Miss Frances Lindsay went to Lenox, Ia., last Friday for a visit over Sunday with her friend, Mrs. Nell Bram Abernathy. From there she went to Mendota, Ill., to resume her work with the Hoy Millinery Co. of that place.

Miss Meltie McAtee had for her guest over Sunday Miss Eva Mingus of Maryville, one of our popular teachers of last year.

Mr. and Mrs. Fred B. Monroe and Mrs. Mary Wray accompanied the latter's granddaughter, Miss Helen Wray to Pickering last Sunday, where they spent the day with Howard Wray and family.

Jim Andy Ford of Maryville was in Hopkins Thursday and bought a number of fine horses, paying as high as \$525 to Harry Boardner for one team.

The community west of town evidently has the pennant when it comes to education, for besides sending ten or twelve boys and girls in to the high school here the following young people have entered the Normal this week: Misses Lou Snodgrass, Bessie Proctor, Bessie DeVore, Willie DeVore and Brue Clymers. This certainly speaks well for the intelligence and prosperity of the people.

Miss Lucile McKenzie of Blue Jacket, Okla., will arrive Friday night to spend the winter with Mr. and Mrs. Arthur McMaster. Miss McKenzie comes to get the benefit of our excellent school, and also to resume her musical studies under the teaching of Mrs. McMaster.

A tent show is advertised to be in Hopkins all of next week. If they just knew how we were all stung by a tent show last week we don't believe they would have the nerve to make the town. We believe this town would come near being "all of the people all of the time" than any place we ever saw.

Mrs. Mary E. Martin entertained the ladies of the Presbyterian church at her home Wednesday afternoon. A good crowd of ladies were present, and after a business meeting and general discussion of church affairs light refreshments were served by the hostess. The afternoon was very pleasant and was greatly enjoyed by those present.

Mrs. E. C. Wolfers, Sr., entertained a company of young people at 6 o'clock dinner Wednesday evening.

complimentary to her nephew, Fred Wolfers, who leaves soon for Columbia. Mrs. Wolfers was assisted in entertaining her guests by her daughter, Mrs. C. E. Donlin, and her son, Robert Wolfers. The young people passed a very enjoyable evening playing games, and at a late hour departed, thanking their hostess and wishing the honor guest the very best of success the coming year. The guests included Misses Rowena Campbell, Edna Bonewitz, Lulu Hughes and Edna Robb, Messrs. Loy Schrader, Harry McIntyre, Edwin Robb and Fred Wolfers.

Mrs. Charles McIntyre celebrated her sixty-first birthday Thursday, or rather she commenced Wednesday morning by spending the day with her old neighbor, Mrs. Frank New, north of town. On Thursday Mrs. McIntyre entertained a party of sixteen ladies to dinner, among them being Mrs. Ed Otis and mother of Maryville. All afternoon friends called, bringing kind words, good wishes and tokens of love, all of which were appreciated as only Mrs. McIntyre can appreciate. At 6 o'clock a substantial tea was served to those present, among them being Mrs. Nettie Connett, who, although blind, entertained the company with delightful music.

Miss Edna Robb entertained Thursday night, complimentary to her cousin, Edwin Robb, who leaves next week to enter the state university. The evening was spent with games on the lawn and later in the house, and a good time—in fact such a good time as only this crowd can enjoy—took up the greater part of the evening, the latter part being spent in partaking of Mrs. Robb's delightful luncheon. But through it all ran a strain of sadness, especially to some of the girls, as only next week four of the dearest boys will leave for the state university and won't be home until Christmas. The list of guests included Amy Laipple, Cleo Kline, Neva Shearer, Bessie King, Gladis Boner, Mildred Wolfers, Nora Harris, Gertrude Brown, Bernice Wells, Helen Shelley, Pauline Robb, Lois Sturgeon, Grace Lewis and Elizabeth Sobblings, Messrs. Edwin Robb, Maurice Wolfers, Harlan Wells, Galen Gordon, Glen Gordon, Emmett Miller, Theo Long, Roy King, Glenn Jackson, Earl McCleave, Frank Sargent, Loy Schrader, Frank Litch and Ray King.

Miss Grace Fanning went to Bolckow Friday morning to attend the fair.

The Walt of the Swatter.

I swatted them all morning long,
For "Swat 'Em" is my motto.
I got them cornered in one room
And used your patent swatter.
I swatted them with vengeance till
My strength had all departed,
But there were seven hundred more
That when to swat I started.

Went to St. Joseph.

Miss Alma Hotchkiss went to St. Joseph Friday evening, where she will take up her work Monday in the Benton high school. She will make her home with Mr. and Mrs. Arthur Rush, Mrs. Rush, who has been in this city for several days visiting her sister-in-law, Mrs. Hal Hooker, returned to St. Joseph Friday evening.

Dear Amy:—

I'm teaching Baby John right now that when he marries he owes a duty to the girl who gives him her heart and her life. I'm teaching him that nothing will make his wife as happy as to first furnish her home beautifully. I teach him that if he himself wants to be happy in his home, he must first make his wife happy.

Always your friend,

Lou

LAXATIVE SENT FREE TO TRY

It may be taken for granted that there is no family that does not sometime need a laxative. If you don't know of a good laxative, or the laxative you are using is losing its effect, we want to call your attention to Dr. Caldwell's Syrup Pepsin, which thousands of families are using successfully.

We have scores of letters from mothers, and scores from prominent men saying they are using it personally and giving it to their families, men like Mr. C. K. Smith of the Traffic Clearing House, Pine Bluff, Ark., and Mr. George B. Turner, a lawyer of Harlan, Ky. The thousands of mothers who use it themselves and give it to their children would take too much space to mention.

The reason they prefer Syrup Pepsin is that it is a mild, gentle laxative.

tive- tonic that does not gripe—effective and yet so mild that babies can take it. Its tonic ingredients invigorate the body and strengthen the stomach and bowel muscles so that they again do their work naturally. If you have been a victim of salts, pills and strong cathartics you will discard them when you once use Syrup Pepsin.

You can buy a fifty cent or one dollar bottle of any druggist, but before doing so you may want to try it free. If so, send your address to Dr. Caldwell and he will promptly forward a free sample bottle. Then, being convinced, do as others are doing and buy it in the regular way of your favorite druggist.

For the free sample address Dr. W. B. Caldwell, 541 Caldwell building, Monticello, Ill.

STRIKE UNLIKELY OF I. C. SHOPMEN

Will Not Walk Out Without Sanction of Internationals.

FINAL DECISION NEXT SUNDAY

Executive Board of International Machinists to Meet—Action at Once Not Expected—Advisability of Yielding Responsibility to Be Discussed.

Chicago, Sept. 8.—Immediate prospect of a strike of shop employees of the Illinois Central railroad disappeared and indications were general that the strike probably would never be sanctioned by the international officers of the unions involved.

The determination of matters in controversy between the system federation officers and representatives of the international unions is scheduled to come next Sunday after a meeting of the executive board of the International Association of Machinists.

Members of the conference committee of international officers have indicated their disapproval of the strike, but were willing to give the committee of the federated Illinois Central unions permission on their own responsibility to issue a strike order. In such case, the support of the international unions, particularly in a financial way, would not be granted the federation.

The advisability of yielding responsibility to the system federation committee will be discussed further on Sunday by the machinists' union executive board and by representatives of the other eight organizations whose locals are involved in the Illinois Central controversy.

W. F. Kramer, chairman of the international conference committee, said he expected no action until that time.

ROOSEVELT ON ARBITRATION

Former President Criticizes the Proposed Taft Treaties.

WAR BETTER THAN DISHONOR

Peace May Be Bought at Too High Price and Righteousness at Times Demands That We Fight—Present Treaties Good Enough.

New York, Sept. 8.—Former President Roosevelt deals with the arbitration treaties recently presented to the senate in an editorial article appearing in the Outlook. He says in part:

"It is one of our prime duties as a nation to seek peace. It is an even higher duty to seek righteousness. It is also our duty not to indulge in shams, not to make believe we are getting peace by some patent contrivance which sensible men ought to know cannot work in practice, and which, if we sought to make it work, might cause irretrievable harm. I sincerely believe in the principle of arbitration; I believe in applying that principle so far as practicable, but I believe that the effort to apply it where it is not practicable cannot do good and may do serious harm. Confused thinking and a willingness to substitute words for thought, even though inspired by an entirely amiable sentimentality, do not tend toward sound action."

DISCRIMINATION CHARGED

Government Is Investigating Three Steamship Companies.

New York, Sept. 8.—Agents of the United States government here and abroad are investigating charges brought by American merchants, it was learned, against three steamship companies whose boats ply between New York and South American ports. Alleged discrimination in freight rates is charged, and a suit charging violation of the Sherman anti-trust law may follow the completion of the investigation, according to United States District Attorney Wise.

The investigation has been quietly under way for two months along the lines pursued by Mr. Wise prior to his filing suit last winter against the transatlantic steamship trust. The existence of an alleged agreement or pool of the thirty-three defendants to that suit was charged in the complaint. The present investigation has so far failed to unearth a similar document, it is reported. The work of the investigators, however, has been hampered by the fact that the South American lines are foreign companies, two of them having headquarters in England and the third being a German enterprise.

BROZ AND ONE WIFE IN JAIL

Run Down by Secret Service Officers. Couple Will Be Taken to Bohemia.

Fremont, Neb., Sept. 8.—Run down by secret service men and arrested nine months after they had successfully evaded the immigration officials at Ellis Island, New York city, Josef Broz and wife are in the local jail awaiting orders for deportation.

Broz left a wife and four children in Bohemia and came to America with Marie Neid, a school teacher, highly educated and thirty years of age. Broz was a carpenter and surveyor, forty-two years of age. The couple were married at Ellis Island three days after landing.

Mrs. Broz, No. 2 sits in the local jail nursing her four-month-old child, weeping at the possibility of being taken back to face her friends and relatives and bemoaning in the same breath separation from the man who has ruined her life.

Two Men Arrested With a Mona Lisa.

Madrid, Sept. 8.—The newspaper Espana Libre says that two foreigners have been arrested at Leon. They were carrying a basket containing a "Mona Lisa." The men protested against their detention, asserting that the picture was only a copy of Leonardo Da Vinci's stolen masterpiece, which they were taking to Coimbra, where they reside. The authorities have no further details of the report.

Two More Victims of Hatchet Murder.

Portland, Ore., Sept. 8.—Two more victims have fallen before the mysterious hatchet murderer, for whom the police of several cities are searching. Mrs. Daise Wehrman and her four-year-old son are the latest victims. They were killed while alone in their cabin near Scappoose, twenty miles north of here. A hatchet was the instrument used.

Attorneys Argue Beattie Murder Case.

Chesterfield, Va., Sept. 8.—For five hours in a hot court room Attorney Hill Carter, with a pathetic plea and arguments, sought to convince twelve jurors that Henry Clay Beattie, Jr., is not guilty of the murder of his wife, who was shot to death while motoring with her husband last July.

LaFollette Men Hail Chief.

CURED TO STAY CURED.

How a Maryville Citizen Found Complete Freedom From Kidney Troubles.

If you suffer from backache—From urinary disorders—From any disease of the kidneys, Be cured to stay cured.

Doan's Kidney Pills make lasting cures.

Maryville people testify.

Here's one case of it:

I. M. Woods, East Jenkins street, Maryville, Mo., says: "For some time kidney trouble had been lurking in my system, and although it did not bother me to any extent, I could see that the attacks were becoming more frequent and severe. Finally my kidneys became so badly disordered that I was obliged to seek relief. The kidney secretions were unnatural and so irregular in passage as to annoy me greatly. I also had a pain in my back and could hardly stoop. Dizzy spells and headaches were common, and I was in a miserable condition when I learned of Doan's Kidney Pills. I began their use, and after I had taken the contents of three boxes I was free from kidney trouble."—(Statement given in 1901.)

Time is the Test.

On September 19, 1908, Mr. Wood added to the above: "The cure Doan's Kidney Pills effected in my case several years ago has been permanent. I am glad to again recommend this splendid remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn & Co., Buffalo, New York, sole agents for the United States.

Say, Have You Ever

Bought any coal from Frank G. Shoemaker and had it delivered with the big white wagon? Those white wagons don't make a bad appearance on the streets of the city do they? And the horses look like they had enough to eat too. So do the drivers. The scales and yards are kept up in the same way, and that system of doing business makes it a legitimate mercantile business, like any other business of the city, and worthy of your patronage if prices and coals are right, and they are—because I am behind every pound of coal sold. If it is not right I will see that all is satisfactory or money refunded. Let me figure with you for your winter coal.

Yours truly,

HIGHWAY ROBBERY

GEORGE KEMP AND JACK EVANS ARE THE VICTIMS.

HELD UP NEAR BOVARDS

While On Their Walking Trip En Route to Frisco—Turned Out to Be Their Friends.

The good people of Maryville who slumbered peacefully in their comfortable cots Thursday night neither dreamed nor knew that a blood curdling tragedy was being enacted near the city's limits.

When Jack Evans and George Kemp stood in the Fern theater and told of their heroic plans to walk across the continent and bring back a chip of the sun when it sets in the golden west, they neither knew nor suspected that they were then in the shadow of danger and perhaps disaster to their hopes.

They had read many stories of frontier life in the wild and woolly west, but nothing even in the lives of Deadwood Dick, Alkali Ike or Rattlesnake Pete had prepared them for a fate stranger and sterner than fiction. It was half-past ten when they finished their recital, and amid the well wishes and hurrahs of their friends set out with light hearts and buoyant hopes on their long journey across the plains. They were accompanied by Curtis Lyle and George Tate, who were to go with them to Wilcox and help to entice them with good cheer. Thoughts of the dear old home were still before them as they trudged along the dusty road in the stillness of the night. While there was no man or beast of which they were afraid, yet it seemed good to have their companions along, and they only wished the parting time might be delayed, and so it was.

They had gone along very pleasantly until they reached the Bovard corner, about two miles northwest of Maryville, when suddenly the echoes of mirth died upon their lips and their blood ran cold. The terrors of the west had come all too soon. Four big rough looking tramps suddenly arose before them as they rounded the corner and demanded "hands up." Jack Evans found himself looking down, as he first thought, the barrel of a Colt's 44, but as he continued to face it through the uncouth demands of the holder it continued to grow until he observed that it was a cannon of the largest type. George Kemp felt that he could swallow it until one of the enemy suddenly hit Curtis Lyle across the temple with a paper-stuffed sock and he fell prostrate in the dust. Then George thought of home and mother. George Tate forgot the seriousness of the situation and fell in an effort to choke his laughter. Jack and George, it is said, paled and trembled, but Jack couldn't get his hands up because his strength had left him. He made an honest effort, though, and the leader of the "gang" overlooked his delinquency. After they were relieved of their valuables and the hold-up men decided the joke had gone far enough, the boys were assured that all were their friends and no harm would come to them.

Then it was disclosed that a flabbergasted joke had been played on the unsuspecting pedestrians and that the two who had gone with them were along to "stall" for the other four who were laying in wait. The tramps were found to be A. J. Luppold, James Felix, Dr. Cline and Magnus Tate. All of the boys then went with Evans and Kemp to Wilcox and bade them God-speed on their journey.

Those who returned say there might be worse things in store for the boys, but they are firmly convinced that they will never be worse frightened.

ened, come what may. The joke will serve to put them on their guard, and may serve some good purpose, but it was a strenuous beginning for a pleasure trip.

By the way, after Jack and George had found they were in the hands of friends and were talking over the affair, Jack said very earnestly:

"Really, boys, it's a wonder I didn't hit you."

Jack Evans and George Kemp arrived in Burlington Junction Friday morning at Andrews & Flowers' restaurant, where they were sleeping today, and will start on their tramp again Friday night. It was 7:30 o'clock when they got into town, and they said they had been compelled to stop in a corner on the way to get out of the rain.

The boys on their walking trip are to advertise the Lord Lobster cigars manufactured by the Hutton Cigar company. The trail to San Francisco from Maryville is to be known as the Lord Lobster Trail, and at each town label, and other advertising matter will be left, telling of the cigars made in Maryville. Picture show exhibitions are to be given at some of the towns.

DIED VERY SUDDENLY

JOHN MILLER DROPPED DEAD AT J. R. EVANS' HOME.

WAS FROM BOOTH, TEXAS

Was a Son-in-Law of Mrs. Joseph Linneman of This City—Cause Probably Heart Trouble.

John Miller of Booth, Texas, a son-in-law of Mrs. Joseph Linneman of South Buchanan street, dropped dead at the home of John R. Evans, seven miles southwest of Maryville, Friday morning about 11 o'clock.

Miller was operating a gasoline engine while the work of filling Mr. Evans' silo was being done. A few minutes before his death he was scuffling in a friendly way with those who were working with him, when he fell over to the ground. He made no effort to get up again, and on going to him his companions found that he was dead.

Coroner J. H. Todd was notified and arrived at the Evans home about 1 o'clock to hold the inquest. The jury was hearing the testimony of the witnesses, some fifteen in number, as The Democrat-Forum went to press at 3 o'clock.

Mr. Miller came from Texas about six weeks ago and has been operating engines in silo and threshing machine work. Before moving his family to Texas a few months ago he kept his mother's farm, near Wilcox. His mother is at present on a visit to another son in Chicago.

Mr. Miller was about 40 years old. He is survived by his wife and four children, who are at Booth, Texas. He married Miss Anna Linneman about twelve years ago. She has a brother, Will Linneman of this city, and her mother, Mrs. Joseph Linneman, lives at 312 South Buchanan street.

WILLARD SMITH DIED LAST SUNDAY

Willard Smith, who was a popular State Normal student the past two years, died Sunday at his home in Eagleville, after a few days' illness of typhoid fever. The young man was preparing to teach the coming year. He was making his own way to an education, and although he was a hard working student, was popular with the student body in a social way. The news of his death was learned in Maryville with deep regret, for he was a young man of ability and high purposes.

FAIR OCT. 9 TO 14

THESE DATES SELECTED BY THE STREET FAIR COMMITTEE.

\$1600 HAS BEEN RAISED

A Street Fair Like the Old Time Ones is to be Given—Several Special Features.

The old time street fair is to be held in Maryville in the second week in October, or from October 9 to 14, so it was decided at the meeting of the street fair committee held in the office of Ellis G. Cook Thursday night.

Plans for the fair were talked over and beside a number of features several special features are to be given. On one day a horse and mule show is to be given. Then an automobile flower parade, old settlers' day, children's day, and, if possible, a public wedding like those held at former fairs, will take place. There are many other entertainments that the committee is working on, but as yet it is not ready for publication.

Instead of having a carnival company come to Maryville for that week, it was decided that the committee hire independent attractions as at the former fairs. Most of the carnival show companies will close before October 1, and many good attractions can be had.

Some \$1,600 has been raised by the soliciting committee for the fair. It is thought that probably \$500 more can be raised, and with this amount a fair that is a credit to Maryville can be put on.

The guests included only those who had become the chums and playmates of the guest of honor during his stay. was "Co-Operation of Patrons and Teachers." It was the general opinion of all that parents should visit the schools and become acquainted with the teachers and invite the teachers to their homes so that they may become acquainted with the home life of each pupil. It was suggested that the parents visit the schools on special days that are observed by the schools. A delightful menu was served by the hostesses. The members present were Mrs. M. A. Nicholas, Mrs. J. C. Farrar and daughter, Eva; Mrs. George Stafford, Mrs. L. H. Frazee, Mrs. J. P. Frazee, Mrs. Ed Egley, Mrs. W. T. Ramsey, Mrs. H. W. Hull and Mrs. M. D. Kemp. Had a Good Time at Picnic.

The picnic at Normal park by the Bible school of the First Christian church Thursday afternoon and evening, was largely attended and was one of the most enjoyable affairs this church has enjoyed for some time. After the company had assembled an address was given by the pastor, Rev. Claude Miller, who admonished all to have as good time as they could in their own way. All of the men and boys present engaged in base ball, Rev. Miller acting as umpire. All of the girls and women played drop the handkerchief, black man, ring around the rosy and town ball. THE FOUR MEMBERS

OF WATER BOARD TO BE APPOINTED SOON AT MEETING.

HAVE BEEN SELECTED

By Mayor Robey and Will Have to Be Confirmed by the Council—Will Meet Friday Evening.

The four members of the public works board that will have charge of the water situation in Maryville, have been selected by Mayor Robey and will be appointed by him at a meeting of the city council to be held next Friday evening. The appointments will have to be confirmed by the board of aldermen.

Mayor Robey has selected S. G. Gilliam and M. E. Ford as the Democratic members of the board, and Edward L. Townsend and R. L. McDougal as the Republican members of the board. Each ward in the city is represented on the board. Gus Romasner, who was slated for one of the places, declined, as he expects to spend the winter in California.

Some action is to be taken at once by the council in regard to doing something toward the water question. The engineering firm, which has been tentatively hired, sent up their contract from Kansas City this week, but it has not been approved by the city. As soon as an engineer and the water board is appointed then the real work on Maryville's municipal water plant will be commenced.

The fine condition of Maryville banks shows that panics and hard times do not exist in Nodaway county.

Suicides are usually the result of a deranged brain, but the man who had to either wash the dishes for his wife or seek refuge in the hereafter had need for great wisdom.

One of the good results of the campaign for safe and sane Fourth of July celebrations is seen in the fact that eight years ago there were 466 deaths and 4,499 accidents from celebrations of the Fourth, while in the present year the number was reduced to 57 deaths and 1,603 accidents.

One of the chief arguments, says the Chicago Journal, in this country against reciprocity was the allegation that our farm markets would be overstocked and our farmers ruined by cheap importations from Canada. Now, Canadian opponents of reciprocity assert that their farm markets will be overstocked and their farmers ruined by cheap importations from the states. Such argument is just as silly—and is likely to be just as unavailing—north of the border as it was on this side of the line.

Judge Joshua Alexander of Gallatin is being very favorably mentioned for the Democratic nomination for governor of Missouri. There is no better man in Missouri for governor. Judge Alexander is a type of man that furnishes good material for any place of public trust. He is able, honest, conscientious and cautious in his public service, but there is little likelihood of his entering the race for governor. He is just getting started on a brilliant career in Congress. He ranks high among the newer members, has a bright future ahead, has much to work for and is well satisfied with his present place. He will not want to change so long as his people have the good judgment to keep him where he is.

J. F. Montgomery and Will Montgomery returned from a several days' visit in Platte county Thursday evening in the Montgomery automobile. Mrs. Montgomery and daughter, Miss Ruth Montgomery, and Mr. Montgomery's sister, Mrs. J. B. Thomas of LaHarpe, Kan., were in the party, but Mrs. Montgomery and her daughter remained in St. Joseph for a day's visit and Mrs. Thomas in Platte for a longer visit. In Platte county they were guests of Mr. Montgomery's brother and sister, John A. Montgomery and Mrs. Merritt Wilson, at Camden Point.

CRANE'S

CROWDS GREET PRESIDENT TAFT

Visits Connecticut Fair and is Received by 50,000 Citizens.

ARBITRATION THEME OF TALK

Sees Hope for the Establishment of an Arbitration Court to Which All International Controversies Shall Be Submitted.

Hartford, Conn., Sept. 8.—Gray skies but an enthusiastic crowd greeted President Taft on his arrival in the Connecticut capital in fulfilling a long promised engagement to Senator George P. McLean.

Memorial hall, in the new state library, was turned into a temporary lunch room for the visitors and the president, who was accompanied by Attorney General Wickersham. Here the president made a brief reply to the welcome by state and city.

Nearly 50,000 people gathered at the state fair grounds to hear the president's views on arbitration. He dealt almost exclusively with the legal technicalities of the arbitration treaties with England and France which now await the approval of the American senate.

Position of the Committee.

Perhaps the most significant part of his address was as follows: "The majority of the senate committee on foreign relations say they cannot consent that anybody else shall decide for them where a question arising in the future is within the provision of the first article of this treaty; that for them to do so is to delegate their power to another tribunal and is to bind themselves by an obligation which they have no power to assume."

"It is the view of the minority, however, and with that view I am earnestly in accord, that the issue where a future difference shall be within the terms of the description of article one of the treaty is an international question arising out of a construction of the treaty under a claim of right by one of the parties to an arbitration and is a question therefore that the president and senate, acting as a treaty-making power, has the right to agree by treaty to submit to a tribunal for final judgment."

"In what different way is the treaty making power invoked when we ask the senate to concur in a treaty which agrees to submit all justifiable differences to arbitration and when it is asked to agree to submit to arbitration the question whether a difference arising is justifiable or not under the treaty? I confess that I cannot see the distinction."

"It is a well known fact that Norway and Sweden have made an agreement to settle all differences except those of vital interest and national honor by submission to The Hague tribunal and they have further agreed that when they differ as to whether the controversy arising is arbitrable under the treaty or is within the exception, to submit the question to the board of arbitration for its final decision."

Committee Without Power.

"If I understand the attitude of the majority of the senate committee, it is that they have no power and therefore the government has no power to enter into a treaty by which we shall agree to submit to a third person, constituting an independent tribunal, the question where we are bound under a treaty to hide the judgment of the tribunal as to a particular issue."

"The treaty-making power under the constitution, it has been decided by the supreme court, hardly knows definition or law. It is one of the broadest powers conferred by the constitution and it is conferred on the executive and the senate. Certainly it is not in the interest of the cause of peace that that power should be limited in such a way that other governments may make treaties of this kind and we may not."

"The ideal toward which we are all working with these treaties is the ultimate establishment of an arbitral court to which we shall submit our intentional controversies with the same freedom and the same dependence on the judgment as in case of domestic courts. If the senate cannot bind itself to submit question of jurisdiction arising under the treaty as Norway and Sweden have done, for instance, then the prospect of real and substantial progress is most discouraging."

TWO MORE BIRDMEN KILLED

In Germany Machine Drops to Earth, Crushing the Skulls of Occupants. Mulhausen, Germany, Sept. 8.—Two more names were added to the long roll of persons killed this year in aeroplane accidents.

Lieutenant Newmann, a German military aviator, started from this city in the direction of Strassburg, carrying as a passenger M. Leconte, a French aeronaut, who was an instructor at the aviation school at Mulhausen. The aeroplane had hardly gone fifteen miles when the gasoline tank exploded. The report of the explosion was audible for a distance of several miles.

The machine dropped at Bilzheim from an altitude of sixty feet and both aviators were instantly killed. Their skulls were broken and they were frightfully injured about the body.

NEW ROUTE FROM CANADA TO GULF

Erb and Hawley to Rearrange Rail Map of West.

New York, Sept. 8.—A new through route from Canada to the Gulf of Mexico, which is expected to rearrange the railroad map of the west in important particulars, is provided for in plans made known by Newton Erb, who, with Edwin Hawley, is actively engaged in the undertaking. The first step in the project is to be the leasing of the Iowa Central railroad to the Minneapolis and St. Louis. The directors of the Iowa Central authorized the president of the road to appoint a committee to confer with a similar committee representing the Minneapolis and St. Louis and arrange the terms of the lease.

Arrangements also have been made to extend the Iowa Central to St. Louis and the Minneapolis and St. Louis to the Canadian border, thus giving the Hawley-Erb group of railroads the through route from the wheat fields of northwestern Canada to Galveston. It is expected that both the Canadian Northern and the Grand Trunk will connect with the new extension of the Minneapolis and St. Louis.

GOV. HADLEY GOES EAST

Missouri Executive Will Attack Railroad Doctrine of Judge Sanborn.

Jefferson City, Mo., Sept. 8.—Governor Hadley and Mrs. Hadley will depart Sunday to be guests of Colonel Theodore Roosevelt at Oyster Bay. While in the east the governor will attend the conference of governors at Spring Lake, N. J.

Governor Hadley's speech at the conference will be an attack on the doctrine laid down by Federal Judge Sanborn in the Minnesota rate case, which is to the effect that states have no power to regulate railroad rates. This decision, he says, if upheld, would make the states mere dependences of the federal government and largely strip them of the rights and powers assured them by the constitution of the United States.

SUGAR PRICES GO UP

Advance Said to Be Due to Big Shortage in Crop Coming On.

New York, Sept. 8.—The price of sugar continues to advance, owing to the reports of a serious shortage in the new crop, and the market has now reached the highest level since July, 1899.

Sales of raw sugar were made here, establishing a price of 5 1/2 cents a pound for the grade known as Cuban centrifugal and the advance was accompanied by an announcement of an other 10 point rise in the price of refined sugar, with standard granulated quoted at 6 1/2 cents, while people in the raw sugar trade reported a very strong market, with little or nothing offering even at the new high prices.

THE DOCTOR'S QUESTION.

Much Sickness Due to Bowel Disorders.

A doctor's first question when consulted by a patient is, "Are your bowels regular?" He knows that 98 per cent of illness is attended with inactive bowels and torpid liver, and that this condition must be removed gently and thoroughly before health can be restored.

Rexall Orderlies are a positive, pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of their great curative value that we promise to return the purchaser's money in every case when they fail to produce entire satisfaction.

Rexall Orderlies are eaten like candy, they act quietly, and have a soothing, strengthening, healing influence on the entire intestinal tract. They do not purge, gripe, cause nausea, flatulence, excessive looseness, diarrhoea or other annoying effects. They are especially good for children, weak persons or old folks. Three sizes, 50c, 25c, 10c. Sold only at our store—The Rexall Store. The Oreal Drug Co., 113 North Main street.

GRAY HAIR MAKES

YOU LOOK OLD

A Simple Remedy Brings Back the Natural Color—Dandruff Quickly Removed.

How often one hears the expression, "She is gray and beginning to look old." It is true that gray hair usually denotes age and is always associated with age. You never hear one referred to as having gray hair and looking young.

The hair is generally the index of age. If your hair is gray, you can't blame your friends for referring to you as looking old. You can't retain a youthful appearance if you allow your hair to grow gray. Many persons of middle age jeopardize their future simply by allowing the gray hair to become manifest. If your hair has become faded or gray, try Wyeth's Sage and Sulphur Hair Remedy a preparation which a chemist by the name of Wyeth devised a few years ago. It is simple, inexpensive and practical, and will banish the gray hairs in a few days. It is also guaranteed to remove dandruff and promote the growth of the hair.

It is a pleasant dressing for the hair, and after using it a few days itching and dryness of the scalp entirely disappear.

Don't neglect your hair. Start using Wyeth's Sage and Sulphur today, and you will be surprised at the quick results.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by all druggists. Special agents, Koch Pharmacy.

NEWS OF HOPKINS AND COMMUNITY

Harry McIntyre left Thursday morning for Chillicothe, Mo., where he has a position as principal in the schools.

Miss Beulah Mauer of Kansas City is the guest of Miss Ethel Ulmer for the week. Miss Beulah is returning to her home, after an extended visit with her grandparents at Perry, Ia.

Mr. and Mrs. Ben Cooper, from east of town, were shopping in Hopkins and Bedford Tuesday.

Mr. and Mrs. Hugh Dodd arrived from Los Angeles last Saturday and will make their usual summer visit here.

Mrs. John Morehouse accompanied her little nephew, Lloyd Huffstetter, to Maryville Tuesday evening, where she placed him on the Wabash train for his home in Omaha. The young man has been spending the summer with his aunt on the farm and returns home at this time to enter school.

Glenn Chaney of St. Joseph spent a few days this week with his parents, Mr. and Mrs. Frank Chaney.

Mrs. Reed and her sister, Miss Mary Simmons are visiting their niece, Mrs. Bert Collins, in St. Joseph this week.

A Tom Thumb wedding is scheduled to take place at the Christian church next Tuesday night. This entertainment has been given a number of times in Hopkins, but it never fails

to attract a crowd, and is always highly amusing.

Miss Dora McMaster returned this week from an extended visit with her relatives at Twin Falls, Idaho.

Miss Frances Lindsay went to Lenox, Ia., last Friday for a visit over Sunday with her friend, Mrs. Nell Bram Abernathy. From there she went to Mendota, Ill., to resume her work with the Hoy Millinery Co. of that place.

Miss Meltie McAtee had for her guest over Sunday Miss Eva Mings of Maryville, one of our popular teachers of last year.

Mr. and Mrs. Fred B. Monroe and Mrs. Mary Wray accompanied the latter's granddaughter, Miss Helen Wray to Pickering last Sunday, where they spent the day with Howard Wray and family.

Jim Andy Ford of Maryville was in Hopkins Thursday and bought a number of fine horses, paying as high as \$525 to Harry Boardner for one team.

The community west of town evidently has the pennant when it comes to education, for besides sending ten or twelve boys and girls in to the high school here the following young people have entered the Normal this week: Misses Lou Snodgrass, Bessie Proctor, Bessie DeVore, Willie DeVore and Brue Clymers. This certainly speaks well for the intelligence and prosperity of the people.

Miss Lucile McKenzie of Blue Jacket, Okla., will arrive Friday night to spend the winter with Mr. and Mrs. Arthur McMaster. Miss McKenzie comes to get the benefit of our excellent school, and also to resume her musical studies under the teaching of Mrs. McMaster.

A tent show is advertised to be in Hopkins all of next week. If they just knew how we were all stung by a tent show last week we don't believe they would have the nerve to make the town. We believe this town would come near being "all of the people all of the time" than any place we ever saw.

Mrs. Mary E. Martin entertained the ladies of the Presbyterian church at her home Wednesday afternoon. A good crowd of ladies were present, and after a business meeting and general discussion of church affairs light refreshments were served by the hostess. The afternoon was very pleasant and was greatly enjoyed by those present.

Mrs. E. C. Wolfers, Sr., entertained a company of young people at 6 o'clock dinner Wednesday evening.

complimentary to her nephew, Fred Wolfers, who leaves soon for Columbia. Mrs. Wolfers was assisted in entertaining her guests by her daughter, Mrs. C. E. Donlin, and her son, Robert Wolfers. The young people passed a very enjoyable evening playing games, and at a late hour departed, thanking their hostess and wishing the honor guest the very best of success the coming year. The guests included Misses Rowena Campbell, Edna Bonewitz, Lulu Hughes and Edna Robb, Messrs. Loy Schrader, Harry McIntyre, Edwin Robb and Fred Wolfers.

Mrs. Charles McIntyre celebrated her sixty-first birthday Thursday, or rather she commenced Wednesday morning by spending the day with her old neighbor, Mrs. Frank New, north of town. On Thursday Mrs. McIntyre entertained a party of sixteen ladies to dinner, among them being Mrs. Ed Oils and mother of Maryville. All afternoon friends called, bringing kind words, good wishes and tokens of love, all of which were appreciated as only Mrs. McIntyre can appreciate. At 6 o'clock a substantial tea was served to those present, among them being Mrs. Nettie Connett, who, although blind, entertained the company with delightful music.

Miss Edna Robb entertained Thursday night, complimentary to her cousin, Edwin Robb, who leaves next week to enter the state university. The evening was spent with games on the lawn and later in the house, and a good time—in fact such a good time as only this crowd can enjoy—took up the greater part of the evening, the latter part being spent in partaking of Mrs. Robb's delightful luncheon. But through it all ran a strain of sadness, especially to some of the girls, as only next week four of the dearest boys will leave for the state university and won't be home until Christmas. The list of guests included Amy Laipplie, Cleo Kime, Neva Shearer, Bessie King, Gladis Boner, Mildred Wolfers, Nora Harris, Gertrude Brown, Bernice Wells, Helen Shelby, Pauline Robb, Lois Sturgeon, Grace Lewis and Elizabeth Sobbing, Messrs. Edwin Robb, Maurice Wolfers, Harlan Wells, Galen Gordon, Glen Gordon, Emmett Miller, Theo Long, Roy King, Glenn Jackson, Earl McCleave, Frank Sargent, Loy Schrader, Frank Litch and Ray King.

Miss Grace Fanning went to Bolivar Friday morning to attend the fair.

She will make her home with Mr. and Mrs. Arthur Rush, Mrs. Rush, who has been in this city for several days visiting her sister-in-law, Mrs. Hal Hooker, returned to St. Joseph Friday evening.

Dear Amy:-

I'm teaching Baby John right now that when he marries he owes a duty to the girl who gives him her heart and her life. I'm teaching him that nothing will make his wife as happy as to first furnish her home beautifully. I teach him that if he himself wants to be happy in his home, he must first make his wife happy.

Always your friend,

Lou

LAXATIVE SENT FREE TO TRY

It may be taken for granted that there is no family that does not sometime need a laxative. If you don't know of a good laxative, or the laxative you are using is losing its effect, we want to call your attention to Dr. Caldwell's Syrup Pepsin, which thousands of families are using successfully.

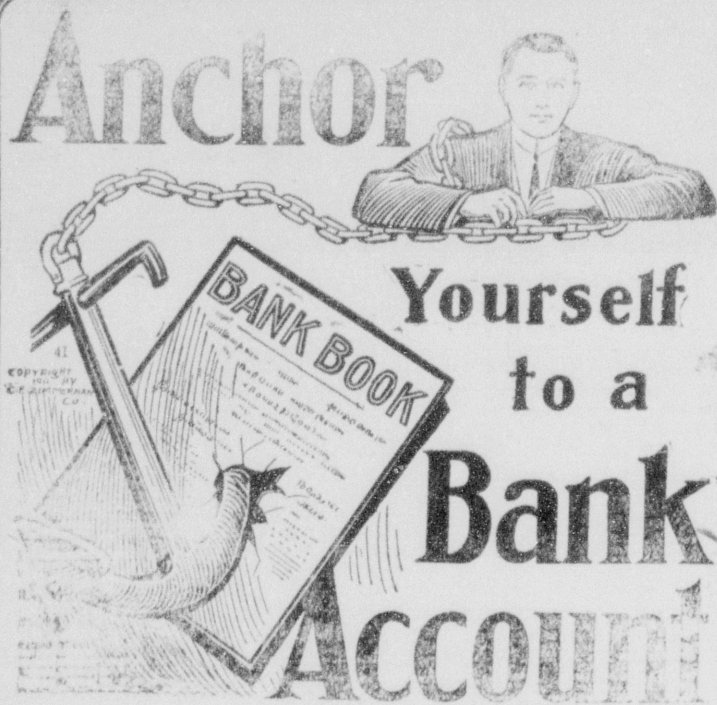

We have scores of letters from mothers, and scores from prominent men saying they are using it personally and giving it to their families, men like Mr. C. K. Smith of the Traffic Clearing House, Pine Bluff, Ark., and Mr. George B. Turner, a lawyer of Harlan, Ky. The thousands of mothers who use it themselves and give it to their children would take too much space to mention.

The reason they prefer Syrup Pepsin is that it is a mild, gentle laxative.

It is a tonic that does not gripe—effective and yet so mild that babies can take it. Its tonic ingredients invigorate the body and strengthen the stomach and bowel muscles so that they again do their work naturally. If you have been a victim of salts, pills and strong cathartics you will discard them when you once use Syrup Pepsin.

You can buy a fifty cent or one dollar bottle of any druggist, but before doing so you may want to try it free. If so, send your address to Dr. Caldwell and he will promptly forward a free sample bottle. Then, being convinced, do as others are doing and buy it in the regular way of your favorite druggist.

For the free sample address Dr. W. B. Caldwell, 541 Caldwell building, Monticello, Ill.

Start now, madam! September is just the month to begin to acquire a glorious head of hair of which you will be justly proud during the social events of winter time.

If you haven't used Parisian Sage you aren't on the high road to hair beauty. Parisian Sage is the most delightful preparation that destroys the dandruff germs, and by so doing removes in a short time the cause of dandruff, falling hair, itching scalp, faded and lifeless hair.

Dandruff germs are obstructionists; they prevent the hair from receiving its proper nourishment by ravenously devouring the same nourishment. Use Parisian Sage for one week and note the wonderful improvement. The Koch Pharmacy guarantees it. 50 cents a bottle.

STRIKE UNLIKELY OF I. C. SHOPMEN

Will Not Walk Out Without Sanction of Internationals.

FINAL DECISION NEXT SUNDAY

Executive Board of International Machinists to Meet—Action at Once Not Expected—Advisability of Yielding Responsibility to Be Discussed.

Chicago, Sept. 8.—Immediate prospect of a strike of shop employees of the Illinois Central railroad disappeared and indications were general that the strike probably would never be sanctioned by the international of ficers of the unions involved.

The determination of matters in controversy between the system federation officers and representatives of the international unions is scheduled to come next Sunday after a meeting of the executive board of the International Association of Machinists.

Members of the conference committee of international officers have indicated their disapproval of the strike, but were willing to give the committee of the federated Illinois Central unions permission on their own responsibility to issue a strike order. In such case, the support of the international unions, particularly in a financial way, would not be granted the federation.

The advisability of yielding responsibility to the system federation committee will be discussed further on Sunday by the machinists' union executive board and by representatives of the other eight organizations whose locals are involved in the Illinois Central controversy.

W. F. Kramer, chairman of the international conference committee, said he expected no action until that time.

ROOSEVELT ON ARBITRATION

Former President Criticizes the Proposed Taft Treaties.

WAR BETTER THAN DISHONOR

Peace May Be Bought at Too High Price and Righteousness at Times Demands That We Fight—Present Treaties Good Enough.

New York, Sept. 8.—Former President Roosevelt deals with the arbitration treaties recently presented to the senate in an editorial article appearing in the Outlook. He says in part:

"It is one of our prime duties as a nation to seek peace. It is an even higher duty to seek righteousness. It is also our duty not to indulge in shams, not to make believe we are getting peace by some patent contrivance which sensible men ought to know cannot work in practice, and which, if we sought to make it work, might cause irretrievable harm. I sincerely believe in the principle of arbitration; I believe in applying that principle so far as practicable, but I believe that the effort to apply it where it is not practicable cannot do good and may do serious harm. Confused thinking and a willingness to substitute words for thought, even though inspired by an entirely amiable sentimentality, do not tend toward sound action."

DISCRIMINATION CHARGED

Government Is Investigating Three Steamship Companies.

New York, Sept. 8.—Agents of the United States government here and abroad are investigating charges brought by American merchants, it was learned, against three steamship companies whose boats ply between New York and South American ports. Alleged discrimination in freight rates is charged, and a suit charging violation of the Sherman anti-trust law may follow the completion of the investigation, according to United States District Attorney Wise.

The investigation has been quietly under way for two months along the lines pursued by Mr. Wise prior to his filing suit last winter against the transatlantic steamship trust. The existence of an alleged agreement or pool of the thirty-three defendants to that suit was charged in the complaint. The present investigation has so far failed to unearth a similar document, it is reported. The work of the investigators, however, has been hampered by the fact that the South American lines are foreign companies, two of them having headquarters in England and the third being a German enterprise.

BROZ AND ONE WIFE IN JAIL

Run Down by Secret Service Officers. Couple Will Be Taken to Bohemia.

Fremont, Neb., Sept. 8.—Run down by secret service men and arrested nine months after they had successfully evaded the immigration officials at Ellis Island, New York city, Josef Broz and wife are in the local jail awaiting orders for deportation.

Broz left a wife and four children in Bohemia and came to America with Marie Neid, a school teacher, highly educated and thirty years of age. Broz was a carpenter and survivor, forty-two years of age. The couple were married at Ellis Island three days after landing.

Mrs. Broz No. 2 sits in the local jail nursing her four months-old child, weeping at the possibility of being taken back to face her friends and relatives and bemoaning in the same breath separation from the man who has ruined her life.

Two Men Arrested With a Mona Lisa. Madrid, Sept. 8.—The newspaper Espana Libre says that two foreigners have been arrested at Leon. They were carrying a basket containing a "Mona Lisa." The men protested against their detention, asserting that the picture was only a copy of Leonardo Da Vinci's stolen masterpiece, which they were taking to Coimbra, where they reside. The authorities have no further details of the report.

Two More Victims of Hatchet Murder.

Portland, Ore., Sept. 8.—Two more victims have fallen before the mysterious hatchet murderer, for whom the police of several cities are searching. Mrs. Daise Wehrman and her four-year-old son are the latest victims. They were killed while alone in their cabin near Seapocket, twenty miles north of here. A hatchet was the instrument used.

Attorneys Argue Beattie Murder Case. Chesterfield, Va., Sept. 8.—For five hours in a hot court room Attorney Hill Carter, with a pathetic plea and arguments, sought to convince twelve jurors that Henry Clay Beattie, Jr., is not guilty of the murder of his wife, who was shot to death while motoring with her husband last July.

CURED TO STAY CURED.

How a Maryville Citizen Found Complete Freedom From Kidney Troubles.

If you suffer from backache—From urinary disorders—From any disease of the kidneys, Be cured to stay cured. Doan's Kidney Pills make lasting cures.

Maryville people testify.

Here's one case of it: I. M. Woods, East Jenkins street, Maryville, Mo., says: "For some time kidney trouble had been lurking in my system, and although it did not bother me to any extent, I could see that the attacks were becoming more frequent and severe. Finally my kidneys became so badly disordered that I was obliged to seek relief. The kidney secretions were unnatural and so irregular in passage as to annoy me greatly. I also had a pain in my back and could hardly stoop. Dizzy spells and headaches were common, and I was in a miserable condition when I learned of Doan's Kidney Pills. I began their use, and after I had taken the contents of three boxes I was free from kidney trouble."—(Statement given in 1901.)

Time Is the Test.

On September 19, 1908, Mr. Wood added to the above: "The cure Doan's Kidney Pills effected in my case several years ago has been permanent. I am glad to again recommend this splendid remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn & Co., Buffalo, New York, sole agents for the United States.

Say, Have You Ever

Bought any coal from Frank G. Shoemaker and had it delivered with the big white wagon? Those white wagons don't make a bad appearance on the streets of the city do they? And the horses look like they had enough to eat too. So do the drivers. The scales and yards are kept up in the same way, and that system of doing business makes it a legitimate mercantile business, like any other business of the city, and worthy of your patronage if prices and coals are right, and they are—because I am behind every pound of coal sold. If it is not right I will see that all is satisfactory or money refunded. Let me figure with you for your winter coal.
